

Dear Parent/Guardian of a GAB Peer Ambassador

You must be so proud!

Your child has made a wonderful choice to become a GAB Peer Ambassador.

What does that mean?

Being a GAB Peer Ambassador not only means that your child has something very credible to put on his or her college applications but, they have chosen to become a leader, role model, and an upstander in their school and community.

What's an upstander?

An upstander is somebody who recognizes a bullying or cyberbullying problem and interjects the situation in a positive, effective, and non-threatening way. YOUR child will contribute to the change that needs to be made to help solve this increasing and devastating bullying epidemic.

Your child will be provided with the necessary training tools and skills needed to successfully be a Peer Ambassador. He or she will act as a leader, resource, mentor, and inspiration to their peers.

Being a GAB Peer Ambassador will be a positive life-changing opportunity for your child during their high school experience. We are extremely happy to have your child join us on our mission to develop and execute the best anti-bullying program there is to implement into every school nationwide.

Join us as we change the culture of learning in our schools and to create a healthy, positive, and comfortable environment for our students.

Please feel free to visit GABNOW.org to learn more about Generations Against Bullying, the GAB Peer Ambassador Program, the benefits of being a Peer Ambassador, Qualifications to being a Peer Ambassador, and what a Peer Ambassador does.

It's important for parents to be involved in their child's life and school. Therefore, as a parent/guardian of a GAB Peer Ambassador, we at the GAB team would greatly appreciate if you review the Peer Ambassador Program and submit your approval below.

We want you as a GAB Peer Ambassador parent/guardian to understand who GAB is, what GAB does, and what your child does as a Peer Ambassador.

For more information, please feel free to visit GABNOW.ORG or reach out to us.

Sincerely,

TEAM GAB
